☞ Introduction

Genial Geografie Topics ist ein fächerübergreifendes Arbeitsprogramm, das bestimmte geografische Themen für den Englischunterricht anbietet und die Schüler zum selbstständigen Erarbeiten eines geografischen Themas in englischer Sprache anregt.

Viele differenzierte Arbeitsaufgaben, Puzzles, Rätsel, Lernspiele-Domino und Trimino tragen zur Festigung der Informationen und der neuen Vokabeln bei. Die Selbstkontrolle der einzelnen Aufgaben ermöglicht den Schülern das Lerntempo selbst zu bestimmen.

Ich wünsche Ihnen und Ihren Schülern viel Spaß mit „Genial Geografie Topics“.

Your students will find many possibilities to find out more about the country and people of Japan.

Puzzles, crosswords and games like dominoes and many more will help your students to learn easily about Japan's landscape, life and culture. All these activities can also be used in open learning.

I wish you and your students lots of fun using "Topics".
